The dermis, is where I begin

Three layers deep, its only the start of me

Did a Tzanck smear, got Herpes inside of me

And Scabies too, under my skin

My psoriasis, is scaly and hot

I said to the Doc, "this tattoo, must go so no one can tell"

But my fungus persists and my lymph nodes, oh no... Started to swell

I've the fires of hell, under my skin

Parasites, blisters and angry red spots

I've a rash from my groin to my ear..

..Got thousands of crawling lice, that feed in the night

And ulcers and sores in my rear

"Have you heard of the tool? ... Gets tics off your skin"

Don't use brutality, or you might be a casualty

But when I yearn for a fern, how can I discern

Is it Lymes

Or benign?

When you're buried, head-first in my skin

I've got chrom - hi--id-ro-sis

I've a weird coloured sweat, drippin' off of me
And Argyria too, the silver lining's inside of me

Too much chemicals, under my skin

Got Blau syndrome, acne and piles

I said to the Doc, "this graft, must go on so no one can tell"

But my lesions persist and my Raynaud's is hurting like hell

Necrobiosis, all over my shins

Parasites, blisters and angry red spots

I've a rash from my groin to my ear..

..Got thousands of crawling lice, that feed in the night

And ulcers and sores in my rear

"Have you heard of the tool? .... Gets tics off your skin"

Don't use brutality, or you might be a casualty

But when I yearn for a fern, how can I discern

Is it Lymes

Or benign?

When you're buried, head first in my skin

It's a damn zoo, under my skin

I've got you    deep in the heart of me,
D   Em7            A7              DM7          Bm7
So deep in my heart   you're nearly a part of me;
F#m  Em7     A7          DM7      D6
I've got you    under my skin.

[Verse 2]
A7   Em7      A7           DM7      D6
I've tried so    not to give in;
   Gm6       G/B       A7    C#          DM7    D6
I said to myself, "This affair  never can go so well."
     C#m7-5            F#7                  Fdim     Bm
But  why should I try to resist, when Darling I know so well
     G6  Gm   A7          DM7       D6
I've got you    under my skin.

[Chorus]
     A6                  A7
I'd sacrifice anything, come what might,
         D      Gdim        D7
For the sake of having you near,
    D6           G                Gm
In spite of the warning voice that comes in the night
         D         Cdim         A7
That repeats and repeats in my ear,
           Bm                G     A7        D
"Don't you know, little fool,  you never can win?
Fdim         Em7     G/B      A7       D         A+
Use your mentality  -    wake up to reality."
     D          G              Gm
But each time I do, just the thought of you
          D     Am       B7
Makes me stop before I begin -

(N.C.)      Em7      A7-9          D      D6
'Cause I've got you      under my skin,
     Em7     G/B A7       D     Gdim    D
I've got you    under my skin.
